DHL Series — Belt Drive

DH-1502-LP2E1A (tank shown not included)

Designed to deliver powerful cleaning right where you need it, this industrial-duty, propane-powered, hot water pressure washer is a fully self-contained cart-mount unit. The reinforced powder coated frame makes it extremely durable.

Pump:

Belt drive triplex crankshaft AR pump with solid ceramic pistons

Motor:

Open drip-proof electric motor | 35-foot power cord with GFCI

Frame:

Reinforced powder coated cabinet-style steel frame | 10-inch flat-free tires

Components:

LP gas-fired (vapor only) natural draft with aspirating-type burner | High limit temperature control for added safety | LP gas regulator | Hour meter

Miscellaneous:

Temperature rise 150°F/66°C above ambient, maximum outlet temperature is 200°F | Water output temperature is 250°F plus unit operates at 350-PSI in “wet” steam (DH-0703 model)

Unit Includes:

Quick connect nozzles - 0°, 15°, 25°, 40° and detergent nozzle | 50-foot x 3/8-inch steel wire-braided high pressure hose | 36-inch insulated lance | Professional-grade insulated trigger gun with safety lock-off
