Pressure Washers

Diesel — Portable — Belt Drive

DC-3004-W0K7G

Don't underestimate this little beast. This pressure washer uses diesel power to remove unwanted grime, algae and scale from boats, docks and heavy-duty equipment. It is in high demand for marine, oil and mining industry applications.

Pump:

Belt drive triplex piston General pump with ceramic plungers | External bypass system allows more water into the system to protect from heat build-up | Forged brass manifold | Thermal relief valve | Water filter with clear sleeve for screen inspection

Frame:

Powder coated steel frame and base plate with 1¼-inch tube handles | Enclosed belt guard | 13-inch flat-free tires

Engine:

Professional Kohler diesel engine

Component:

Dual clogged belt drive system

Unit Includes:

Quick connect nozzles - 0°, 15°, 25° and 40° | 50-foot x 3/8-inch non-marking high pressure hose | 36-inch lance with rubber grip | Professional-grade insulated trigger gun with safety lock-off
